

# 3 Paw-some Tips

when you see a **free-roaming dog**:

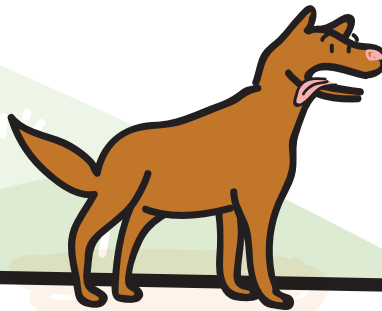

## DID YOU KNOW?

Most free-roaming dogs are shy and will avoid humans. Some may approach you out of curiosity.

#1

## Stay calm

Walk away slowly. Running will excite the dog to give chase.

#2

## Look away

Do not stare at the dog and back off slowly.

#3

## Speak softly

Do not shout, make sudden movements or throw things at the dog. These actions may startle the dog and cause it to react.
