

Bin Wanting a Cleaner Environment?

Here's what you can do:

- #1 Throw trash the right way**
Bag and put your trash into chutes and bins.

- #2 Pick up after ourselves**
Hold on to your trash until you find a bin.

- #3 Encourage others like your family and friends**
to do the same.

- #4 Be a litter-free ambassador!**
Sign up at www.cgs.gov.sg/volunteer to participate in litter-picking activities in your neighbourhood or at events.

- #5 Give important details if you witness high-rise littering acts**

Information such as date, time and location will help the authorities investigate and stop the high-rise littering acts from recurring.

First time offenders can be fined up to \$2,000 for each offence and may be subjected to Corrective Work Order (CWO).
