

Don't Let Them Bug You!

Here's what you can do:

#1 Do the Mizzie Wipeout.

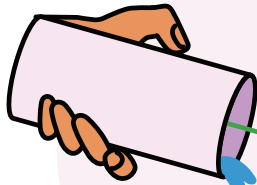

1) Turn the pail

3) Flip the flowerpot plate

5) Clear the roof gutter and place Bti insecticide

2) Tip the vase

4) Loosen the hardened soil

#2 Encourage family and neighbours to do the same.

#3 If you encounter mosquito-related issues, you can report them using the OneService app.
